

ONE GREAT HOUR OF SHARING

Members of the Pokot Tribe in Kenya receive mosquito netting that helps prevent Malaria through the One Great Hour of Sharing Fund.

The One Great Hour of Sharing Fund is used to bring emergency relief to victims of natural disasters such as floods, famine, and other situations of emergency both in the United States and around the world. Most recent distributions from this fund were used for relief efforts in the 911 disaster; Hurricanes Katrina, Wilma, & Rita; the Asian Tsunami; and famine relief in Kenya.

Every year, at a time of their choosing, Congregational Christian Churches across the country are urged to help meet the needs of victims of natural disasters. A freewill offering is taken for One Great Hour of Sharing at that time. Other offerings may be taken for specific needs as they arise. All offerings should be forwarded to One Great Hour of Sharing for distribution in a timely and effective manner by the Missionary Society of the National Association of Congregational Christian Churches.

Relief funds may be requested with little or no advanced warning. To assure that reserve funds are available when needed, please contribute to the One Great Hour of Sharing Fund throughout the year.

Every dollar given to Missions goes to Missions
