

Nominating Committee

The Association's nominating committees is a six-member committee which recommends a slate of officers, Executive Committee members, and Credentials Committee members at the Annual Meeting and Conference. They attempt to choose a cross section of men and women, clergy and lay leaders from our member churches. The greatness of any Association comprised of volunteers is the depth and diversity of its leadership team.

For more information on how you might be part of this national leadership team, look under the resources tab for the nomination forms.
